

# WCARGO

Unique solutions for E-commerce for those ready to succeed!

www.wcargo.com

You will benefit of cooperation with us if:

**Your business is online trading of quality products**

**You want to expand internationally**

**You don't have your own customs-warehouse and customs -logistics specialists**

**You are ready to outsource fulfillment and want to focus on sales**

## How it works

### Fulfilment

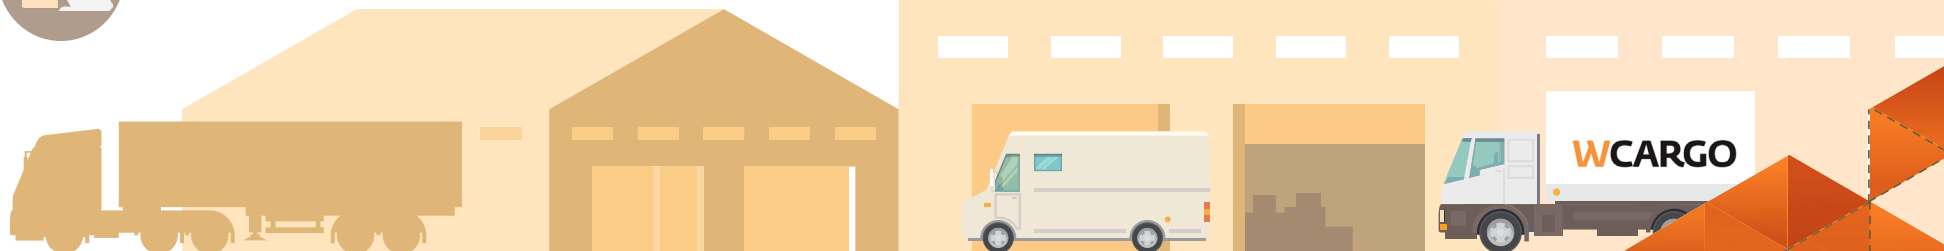

– Process of taking an order and executing it by making it ready for delivery to its intended customer. It may involve warehouse pickup, packaging, labeling, storage, order returns, etc.

### Fulfilment by **WCARGO**

Additionally includes storage of goods and products in Tax Free zone, outside of the Russian Federation, but in the nearest accessibility only 16 km from the state border and 200 km from St. Petersburg. With storage of goods under customs control, no import duties and other import taxes are owed.

*You will get a unique opportunity to sell online and deliver the goods to consumers all over Russia. Returns will also be returned to our warehouse and customs duties will not apply.*

## Full-service options
